This was the best experience with a company EVER!!!

Very responsive, gave estimate, did not try to "upsell"; treated me as well as they would have their own mom!
Unused, unnecessary materials were refunded in the final invoice; I did not have to pay for more than was necessary to facilitate the repairs...

"I can recommend JW Roofing without reservation."

Welcome to our area SCHERTZ • CIBOLO • SELMA

"On behalf of the City Council, staff, and myself, it is our immense pleasure to share our great City of Schertz with you!"

A welcoming community for all, our city is known for its high quality of life, safe neighborhoods, and prosperous business industries. Founded in 1958, Schertz is home to over 42,000 residents and hundreds of thriving businesses.

In Schertz we are proud to offer residents a quality of life that is second to none with access to numerous parks and walking trails, a top-notch public library, and highly rated city services. Throughout the year, Schertz hosts many outdoor events designed for the enjoyment of the community as well as visitors. We are also committed to maintaining a safe community for all, so residents and businesses can flourish and experience all the community has to offer.

One of the finest industrial parks in the region is located here in Schertz and hosts a variety of technology and manufacturing companies. Our city also has a focus on the economic revitalization of the downtown area which hopes to bring the community back to Main Street.

Schertz is privileged to be located adjacent to JBSA Randolph and we are proud that many military veterans and their families call Schertz home. Schertz is an exceptional location for any business and a wonderful place for families to live, work, and play. We would be delighted and eager to share our community with you.

Mayor Ralph Gutierrez
City of Schertz

Mayor Stosh Boyle
City of Cibolo

It has been an absolute honor to serve as Mayor of Cibolo for the past 5 years.

During this pivotal time in our history, I am proud to have had a hand in guiding the community towards a more sustainable growth trajectory in both a fiscal and development sense.

The city has improved quality of life opportunities for all to enjoy by expanding the trail system, enhancing parks, and providing new unique recreational opportunities, including a public fishing pond in 2023! In the coming months, Cibolo will welcome its first H-E-B store and two neighborhood retail shopping centers along Cibolo Valley Drive that will provide more retail and dining options for our residents. More exciting opportunities for Cibolo have been the successful recruitment efforts of large businesses like Aisin Texas Corporation along I-10 that aims to bring over 900 jobs to the community. If you want to experience that 'small town feel', don't forget about our Historic Downtown where you can swing in for a quick bite or come stay for a bit to shop and enjoy.

As my tenure as Mayor comes to an end, I want to thank everyone who has made our surrounding communities a better place to live, work, and play. I will remain engaged as a resident to help the city achieve its vision to be "A community that is proud of our historic roots, responsive to residents, and innovating for our future."

"On behalf of the City Council, staff, citizens, and local businesses, it is my pleasure to welcome you to Selma!"

I have no doubt that you will find Selma to be a friendly, dynamic, and engaging place to live, work, and play!

Over the past two decades, Selma has continued its transformation from a small town to thriving city at the heart of one of the fastest growing regions in the nation. With a vibrant business community and numerous quality-of-life attractions, we pride ourselves on offering something for everyone! The success that we have enjoyed over the past two decades is the product of the effort and vision created by past and current City leaders.

In Selma, we are dedicated to maintaining our small-town charm while also providing the conveniences found in large cities. If you're already a part of our community, thank you. If you're considering relocating your home or business to Selma - or simply thinking about a visit - please do. You won't be disappointed."

WHY CHAMBER?

It's For Businesses • It's For Visitors • It's For Residents

On behalf of our board of directors, members, and staff, I would like to welcome you to our community! We are the Chamber of Commerce for three thriving cities - Schertz, Cibolo and Selma, as well as have Member businesses that span an additional 17 cities! Within 10 counties, our 600+ membership is diverse and covers small, corporate and Fortune 500 companies.

As the business community continues to push through the challenges brought on two years ago by the pandemic, we are emerging stronger than ever. Our Chamber continues to advocate for more business-friendly ordinances, such as more local grants for small starting businesses and updating local ordinances such as tree mitigation.

We partner with our school district and local nonprofits to support, scholarship, and raise awareness of resident and community needs. We also work with our local, state and federal legislators to support commerce and voice the needs of our business community.

Finally, we produce events that not only create networking opportunities for our members but also provide quality of life needs through such events like our free Health and Home Show Fair and family friendly gatherings such as our annual RE/MAX Skylight Balloon Festival which boasted 137 vendors and over 22,000 attendees!

Our Chamber's mission is to serve, promote and enhance economic success with a vision of empowering the business community, one relationship at a time, to have a voice, maximize growth and succeed. We are Accredited - an honor we share with only 190 other Chambers out of 7000 in the United States. We invite your business to join our Chamber as membership enhances your business' credibility and increases your visibility in the local area. We look forward to meeting you soon!

Have a prosperous 2023!

VISITOR CENTERS

A historic farmhouse and one of the original homesteads in the late 1800's, the Kramer House was so named due to the last family who occupied it. Originally, the homestead housed the Boettinger family – one of the original settlers in the Schertz area. Pulte Homes bought the land that was formerly the Kramer farm to develop the neighborhood subdivision of Kramer Farm. Pulte then donated the old farmhouse to the city of Schertz. The city decided to renovate the farmhouse to its original look to include original siding, a new roof, lighting, a/c and heating system as well as rebuilding the windows and repainting the house to its Victorian-era appearance.

Inside the farmhouse are a few antiques as well as pictures from past Schertz to present. Visitors to the renovated farmhouse have included present surviving generations of the Kramer family who reminisce about "eating in grandma's kitchen" and retelling stories of growing up in the area. Officially opening in 2009, it is the city's Visitor Center and Chamber of Commerce offices.

Please feel free to stop by and visit. We look forward to seeing you! Hours of operation are Monday – Friday from 9am – 5pm. You can reach us at 210-619-1952.

The Selma Stage Stop was established only three years after the founding of Selma, in 1847. Constructed between 1850 and 1852, the line was a partnership between brothers-in-law, John S. Harrison and William McCulloch. Their stage line was part of a network of competing stage lines and "star routes" that contracted with the United States Post Office delivering travelers and mail throughout central Texas. The Selma Stage Stop was one of the stops on Harrison & McCulloch's star route 6285 that ran from Austin to San Antonio and took 18 hours to complete. It functioned as a stagecoach stop until 1854 but remained as the Selma post office until 1906.

The stagecoach connected the new settlement to the vital transportation lines that carried passengers to the interior of Texas. During its service as the post office, the Stage Stop legitimized the administrative, as well as physical, existence of Selma. The Stage Stop is one of the few remaining buildings in Selma left from the settlement period. Listed in the National Park Service's National Register of Historic Places, the Selma Stage Stop is a vital piece of Selma's history, and the Central Texas Landscape. It is used today as the Selma Visitor Center as well as the office of The Chamber (Schertz-Cibolo-Selma) of Commerce.
